Welcome to Mt. Brighton Mogul Mouse Program For Children

At Mt. Brighton, the Children's Ski & Snowboard program is well known for using highly effective teaching methods for young people. We are committed to installing the fundamentals of the sport, in a fun and enjoyable environment. Most of our students experience a marked increase in ski ability during the three-week program. Each year Mt. Brighton offers three consecutive children's sessions.

What Should My Child Wear to Mogul Mouse Sessions?

SOCKS: Believe it or not, socks affect the contact of the leg and boot. Boot contact is crucial for proper skiing. Please have your child wear long socks that stay up and will not wrinkle.
GLOVES: Gloves or mittens should be sturdy enough for the tow rope, such as leather or suede. Glove protectors and other accessories are available in our Chairlift Ski Shop.

UNDERGARMENTS: Sweats make a nice layer under the snow pants. The under layer is never tucked into the ski boot.

OUTERGARMENTS: Coat, Snow Pants, Neck Gaiter, Hat, Goggles (when weather necessitates), **NO SCARVES OR UNRESTRAINED LONG HAIR!**

HELMETS: The popularity of helmet use continues to grow, and is included in your rental package. We do strongly encourage helmet use!!

WHAT ABOUT COCOA BREAKS?

- ✓ The Instructor and Students take a water and HOT COCOA break after the first hour on the hill!
